

## CITY OF WATERBURY

### Connecticut

F&A prepared the **2008-2013 Consolidated Plan for Housing and Community Development Programs**, consistent with HUD guidelines and objectives, for the Waterbury Development Corporation (WDC), on behalf of the City of Waterbury, Connecticut. The Consolidated Plan is a long range strategic plan that includes analysis of the City's housing market, identification of housing and community development needs of low and moderate income households, as well as the resources to address those needs, and establishment of priorities to fund programs to meet these needs. A strategic plan for revitalization within a local and regional context will be developed (integrating economic, physical, environmental, community and human development components) to identify long term goals, specific objectives, annual goals and benchmarks for measuring progress. Subsequently, an annual action plan that identifies resources to be used to address priority program objectives will be produced for the City. Waterbury receives \$2.315 million in CDBG funds, \$952,000 in HOME funds and \$100,000 in Emergency Shelter Grants on an annual basis.
