

PEPSICO/PEPSI BOTTLING GROUP, LLC

Somers, New York

F&A was retained by one of the nation's largest employers to represent the company in its negotiations with the New York State Empire State Development Corporation, the Westchester County Industrial Development Agency and the Town of Somers with respect to accessing financial, sales tax exemption and workforce training funds as part of a multimillion dollar retention package to keep the company in Westchester County and New York State. F&A negotiated incentives for Pepsico, represented the company at meetings and hearings on the incentive package, assisted in preparing work force training grant applications and monitored progress as the incentives took hold. The expansion was completed and approved for financing.
