

TOWN OF GREENBURGH

New York

As part of a Town-wide affordable housing study funded with Federal HOME funds, the firm prepared a **market analysis** to determine supply and demand of housing for various segments of the population in the unincorporated area of Westchester's largest Town. F&A drafted amendments to local codes and ordinances to facilitate the construction and/or rehabilitation of affordable housing units. The final work product was a ***Comprehensive Affordable Housing Plan*** for the Town.

The firm's principal previously administered all of the Town's CDBG and housing programs.
